OFFICERS' COMMUNICATIONS.

The following communication from the Corporation Attorney was presented:

JERSEY CITY, May 10, 1892.

Hon. Board of Aldermen of Jersey City:

GENTLEMEN—Acting upon your request, I appeared before His Honor, George T. Werts, Justice of the Supreme Court on Saturday last, and moved for a modification of the stay created by the writ of certiorari, granted at the suit of the City Publishing Company and others to review the action of your honorable body in designating the New Jersey Staats Zeitung as the paper to publish the notices required for applications for liquor licenses under Chapter 75 of the Laws of 1892. The application was adjourned on the motion of the other side. I understand that the prosecutors intend to oppose the modification of the order. I have, however, within the past few hours received a communication from the Evening Journal and the Jersey City News looking toward a proper adjustment of the whole matter. These letters I have attached to this communication and forward to you. I advise that the resolution therein suggested be adopted and that one of these papers be appointed. The result will be that the publications will be made in two papers, the Staats-Zeitung and either the Journal or the News. Your Board will then be able to grant licenses in due form, and that paper only which shall be finally adjudged to have been designated properly will be paid therefor. This seems to me the only feasible way out of the difficulty, because, even if the publication be made in the Staats Zeitung, and it should afterwards be declared illegal, there would be a nice question as to whether the licenses were good. This is a risk which you ought not to run. Of course, this action will not prejudice in any way your former designation, unless the former shall turn out to be illegal.

Yours respectfully,
R. S. HUDSPETH,
Corporation Attorney.

Accompanying said communication were propositions from the Evening Journal and News agreeing that if either is designated to make the publications required, neither will expect or demand compensation unless the designation of the N. J. Staats Zeitung is declared illegal.

The papers were laid upon the table.

OFFICE OF EVENING JOURNAL,
Jersey City, July 12, 1892.

Honorable Board of Aldermen:

GENTLEMEN:—It is due to ourselves that in rendering the bill sent herewith for advertising license applications, we should make the following statement. Your Honorable Body will recollect that some weeks ago we offered to do that advertising and, if necessary, to wait for our pay until the decision of the certiorari proceedings taken to set aside your designation of the German paper to do this work. That offer was made in good faith. We desired to prevent loss to the city of the large amount of the license money, and to avoid the uncertainty and confusion into which all the liquor sellers of the city would have been plunged. Now that the Court has decided that the designation to the German paper was not such as was contemplated by the law, we present our bill for payment.

The law provides that we may charge the sum of 30c. for each name, each insertion, amounting to $1.50 for five insertions. The law further authorizes that a charge be made of 50c. for proof of publication of each name. The total amount that we are entitled to charge is $2 for each application. So far 958 applications have been published, for which the law authorizes us to charge the sum of $1,916.

There is in force another law, passed at the request of the leading newspapers of the State, fixing the sum that may be charged for any legal advertising at the rate of 10c. per line for the first insertion and 5c. per line for each subsequent insertion. This is the highest price that we or any paper in the State charges any customer, except for special positions, as for instance on our first page, where our uniform rate is 10c. per line for each insertion.

We are entirely satisfied to do the advertising of the city at the prices thus fixed at our own request, and therefore do not feel justified in making the charges allowed by the law which authorizes the charge for publication of applications for licenses at more than three times our regular rates.

The cost of these publications at our rates amounts to $432, for which sum we render our bill and ask payment.

Very Respectfully,
JOSEPH A. DEAR,
Treasurer Evening Journal Association.

OFFICERS' COMMUNICATIONS.

The City Clerk laid before the Board the following communications from his Honor the Mayor, filed in the City Clerk's Office, on the 8th inst., and the same was read, received and ordered to be entered in the minutes.

MAYOR'S OFFICE, CITY HALL,
JERSEY CITY, July 8, 1892.

To the Honorable the Board of Aldermen:—

GENTLEMEN:—

The resolution of your Board, reading, "Resolved, That the sum of $151.80 be paid to Regan & Higgins for carpet, etc., First District Court," is returned without signature.

The itemized bill has one item to which I take exception, viz: "To 102 yards Brussel's carpet at $1.30 per yard, $132.60."

I have a piece of the carpet furnished and I have had it examined with a view of ascertaining the retail price of a like quality of carpet.

The carpet is what is known as "Higgins's 8-wire," and the retail price for this class of carpet is 75 cents per yard. The

difference between this price and the rate charged the city is 55 cents per yard.

The District Court room, strict measure, requires 87 yards. The amount itemized in bill states the amount furnished as 102 yards. For cutting and the usual waste on a small surface like the room in question, fifteen yards surplus seems wasteful.

Very truly,
P. F. WANSER,
Mayor.

MISCELLANEOUS BUSINESS.

The following preamble and resolution were offered by Alderman McEntee and adopted:

Whereas, The necessity exists for some action on the part of the corporate authorities, which will afford to our people a better, purer water supply; and

Whereas, Public opinion is against the making of any contract for a supply of water, and this Board has so expressed its views in resolutions heretofore adopted;

Resolved, That as representatives elected by the people of Jersey City, yet without any voice in matters of consequence affecting the people we represent, we respectfully suggest to the corporate authorities of our city that the subject matter of water supply should receive their earnest consideration, and that while we advocate a purer, better supply of potable water, we earnestly protest against any surrender of rights we now possess under the City Charter, and recognizing the fact that pure water is as essential to life as the air we breathe, and that the water from the skies collected and flowing in the rivers of the State is the property of the people and ought not to be controlled by any individual or corporation, notwithstanding any so called law of the Legislature, we deem it inexpedient to enter into any contract or agreement which will prevent Jersey City from controlling the water or works which supply our people with this necessary of life.

The following preamble and resolutions were offered by Alderman Day:—

Whereas, The Act of March 23, 1891, regulating elections, imposes additional duties upon the City Clerk, and by Sec-

tion 53 thereof, this Board is authorized to allow compensation therefor; and

Whereas, In our judgment such duties have been faithfully performed; therefore

Resolved, That this Board deem that the sum of five hundred dollars would be a fair and reasonable compensation, and do hereby order that said sum be paid to John E. Scott, City Clerk, for his services at the recent registry and election, October and November, 1892.

The resolution was adopted by the following vote, the yeas and nays having been ordered and taken on the call of the President:—

Yeas—All the members present, nine in number.

The following resolution was offered by Alderman Day and adopted:—

Resolved, That warrants be drawn on the City Treasurer in favor of the following named for payment of salaries as Aldermen from May 2 to November 1, 1892:

Michael Day, Patrick H. Connolly, Joseph T. McCoobery, Joseph Keogh, John McEntee, Alexander B. Dusenbery and Charles W. Allen, three hundred and seventy-five dollars each.

The following preamble and resolution were offered by Aldermen Keogh and adopted:

Whereas, The west side of the hill is rapidly growing in population and many houses are being erected, and the main outlet, Newark avenue, west of Summit avenue, is without convenience in the matter of horse cars, or other means of transit; and

Whereas, The Jersey City and Bergen R. R. contemplate the laying of rails and running of cars through this avenue as soon as permission is granted by the Corporate Authorities; and

Whereas, The "press" has recently called attention to this matter, and shown the necessity and importance of this convenience,

Resolved, That the Honorable Board of Street and Water Commissioners be respectfully requested to immediately pass the ordinance now before them, giving the J. C. & B. R. R. Co. the permission needed to lay rails on Newark avenue, west of Summit avenue, thus satisfying the desires of the people in the neigborhood.

On motion of Alderman Salinger, the City Clerk was directed to send a copy of the resolution to the Board of Street and Water Commissioners.

The following resolution was offered by Alderman Day and adopted:

Resolved, That when this Board adjourns it will adjourn to meet at the Aldermanic Chamber, City Hall, on Tuesday, November 29, at 8 o'clock P. M.

The following preamble and resolution were offered by Alderman Salinger:

Whereas, The Board of Street and Water Commissioners, with the approval of His Honor the Mayor, has advertised that proposals will be received by the said Board on behalf of the Mayor and Aldermen of Jersey City, on the 21st day of this month, for furnishing a supply of pure and wholesome water to this city, to be delivered at the receiving reservoir at Belvedere, in accordance with specifications prepared by the Chief Engineer of said Board, and

Whereas, It is estimated by said Board that the city will require a minimum daily supply of 23,000,000 gallons with the right to acquire not exceeding 50,000,000 gallons per day in the future, and

Whereas, The said specifications are so drawn as to exclude all other sources except the Rockaway River, and

Whereas, The said Rockaway River is subject to contemaintion by the sewerage of the towns of Boonton and Dover, and the population located upon its banks between said towns so as to be unsafe as a permanent source of supply, if the water be taken at any point below the town of Dover, and

Whereas, Therefore only that part of the water shed of the Rockaway River which is above the Town of Dover is available and within said area storage reservoirs must be located if the specified volume of water is to be obtained from said river; and

Whereas, The sites for such storage reservoirs are known to be pre-empted by the water syndicates which have heretofore striven to fasten a water contract upon this city; and

Whereas, Public opinion in this city has uniformly in the past condemned the policy of purchasing water by the million gallons, thereby rendering the city dependent upon the stability and good faith of the syndicate or contracting company, and the judgment of the citizens in condemnation thereof, and in favor of retaining absolute control of its water supply has been heretofore emphatically expressed by this Board in resolution adopted October 22, 1889, and in memorials addressed to the Legislature February 10, 1891, and February 23, 1892, and

Whereas, The experience of other large cities whose water supply is in the hands of private corporations, and so are removed from the control of the citizens, has uniformly resulted in dissatisfaction, misunderstanding and inefficient administration; and

Whereas, The experience of our sister city, of Newark demonstrates that the original specifications for a water contract however stringently drawn, originally, for the protection of a municipality, will in the end be awarded in favor of the contractor, and the interests of the community sacrificed at the bidding of the syndicate; and

Whereas, The privacy which has been observed in the preliminary proceedings; the practical exclusion from the specifications of all but a single source of supply; the brevity of the notice given by advertisement, and the consequent lack of opportunity given for public discussion, all afford ground to suspect collussion with certain favored interests and convince us that His Honor, the Mayor, has given his approval to the proceedings under misapprehension of their effect; and

Whereas, The city is in possession of its own pumping works, and in the year 1891 was able to supply its inhabitants with 21,250,000 gallons per day at an expense for maintenance and operation, including the High Service works, of $149,465.48, or $19.27 per million gallons; and

Whereas, The city of Newark, under its contract for the ownership of its own aqueduct, is entitled for an annual payment of $160,000 in the form of interest

upon $4,000,000 of 4 per cent. bonds to receive 27,500,000 gallons of water daily, amounting, with an addition of 20 per cent. for maintenance and operation, to $15.94 per million gallons; and

Whereas, No water company can as a business proposition, afford to supply water at the above rates under a contract for a term of twenty-fiveyears, with the contingency that its works will be thrown upon its hands at the expiration of that period; and

Whereas, The action of the Street and Water Board shuts out of consideration the method of improving the present water supply by the processes of filtration and aeration, and also excludes all competition by parties not having a foothold in the water shed of the Rockaway River; and

Whereas, This Board and the great body of our citizens firmly believe that the public interest requires that the city should have absolute control of its water works from the source of supply to the point of consumption and should therefore either adhere to its present pumping system, improved by the method of filtration; or, in lieu thereof, should proceed to construct for itself gravity works connecting with an irreproachable source of supply, if upon examination by competent and disinterested engineers this method proves to be the most economical and efficient; and

Whereas, The said specifications, notwithstanding all past action of the city authorities to the contrary, undertakes to commit this city to the principle that the water flowing in the streams of this State is private property, and that a perpetual and exclusive right to impound, divert and appropriate the same can, or does, exist, in individuals or private corporations, and is capable of being effectually conveyed, transferred or guaranteed to this, or any, city by a private contracting party; and

Whereas, This doctrine is opposed to public policy and is subversive of the rights of the State, and is destructive of the freedom which the cities and towns of this State should enjoy to supply themselves with this necessary of life, and is relied upon by the water syndicates to give them a monopoly of the great watershed of this State, and cannot be accepted by this city without a betrayal of the common cause; therefore be it

Resolved, That we, the members of the Board of Aldermen of Jersey City, do hereby make our solemn protest against the execution of any contract based upon the propositions and specifications contemplated in the present advertisement of the Street and Water Commissioners;

Resolved, That we urge the Honorable Board of Finance, who are, by the Charter, intrusted with the City's finances, not to concur in any action tending to fasten a water contract upon the citizens of Jersey City;

Resolved, That we respectfully appeal to His Honor the Mayor, Peter F. Wanser, to decline to further sanction or approve any official resolution passed by any municipal board of Jersey City in favor of said proposed contract.

Resolved, That these resolutions be spread in full upon the minutes, and that verified copies be served by the City Clerk upon His Honor the Mayor, the Board of Finance, and the Board of Street and Water Commissioners.

Alderman Day moved that the resolution be laid upon the table. The motion was adopted by the following vote, the yeas and nays having been ordered and taken on the call of the President.

Yeas—Alderman Day, Farley, Kelly, Keogh, McEntee and Norton.

Nays—Aldermen Lahey and Salinger.

The President refrained from voting.

On motion of Alderman Norton the Board then adjourned.

City Clerk.

MISCELLANEOUS BUSINESS.

The following preamble and resolutions were offered by Alderman Day:—

Whereas, The Court of Errors and Appeals of the State has recently decided that the Act of April 4, 1892, ceding to "The Mayor and Aldermen of Jersey City" certain lands in the South Cove for purposes of docks and wharves for the people is valid and that subsequent action of the Riparian Commissioners in disposing of said property is null and void, and that the land in question is, by the act, made the property of the people of Jersey City; and,

Whereas, Although much delay on the part of the city authorities enabled certain corporations to seize and hold the premises aforesaid, yet the question of ownership in the city has never been doubted, and would never have been disputed if the power of legislation in city matters was vested in unmistakable language in a Board elected by the votes of the people; and

Whereas, Great necessity exists today, and has existed for a long time, for the facilities which this invaluable grant will afford the public in the construction of docks and wharves for commercial purposes; and

Whereas, The zeal and fidelity displayed by the Corporation Counsel has enabled the people to secure the property at this time, and has settled for all time the question of ownership, and nothing now remains to be done except the improvement of the property and the carrying out of the purpose and intent of the grant by the State; therefore

Resolved, That this Board of Aldermen heartily congratulate the people of Jersey City on the settlement of this question, and as representatives of the people extend thanks to the Corporation Counsel, William D. Edwards, Esq. for the zeal and fidelity with which he has pursued this case guarded the interests of the people, and secured to them property of great worth which will enhance in value as time progresses and necessity demands.

Resolved, That this Board of Aldermen respectfully recommend to the Board of Street and Water Commissioners and Board of Finance, that the property ceded by said act of April 4, 1872, be as speedily as possible improved in such manner as will afford to the people the best accommodation in the way of docks and wharves and water basin as is contemplated and intended by said act.

Resolved, That copies of these resolutions be sent by the City Clerk, to the Corporation Counsel, and to the Board of Street and Water Commissioners and Board of Finance.

Aldermen Salinger moved to amend the resolutions by adding the following:

Resolved, That the thanks of this Board are also tendered to the Board of Trade of Jersey City, and to Collins & Corbin the counsel furnished by said Board to assist the Corporation Counsel in the prosecution of said cause.

The amendment was accepted.

The preamble and resolution were adopted by the following vote, the yeas and nays having been ordered and taken on the call of the President:

Yeas—Aldermen Connolly, Day, Dusenberry, Farley, Kelly, Keogh, Lahey, McCoobery, Salinger and President Allen.

Nays—None.

The following resolution was offered by Alderman Keogh and adopted:

Resolved, That the Board of Finance be requested to reapportion the monies for relief of out-door poor, as follows, for the coming year, to enable the Overseer of the Poor to give relief at the time of year when most needed:—December, 1892, and January and February, 1893, $1,200 each month; March and April, 1893, $1,000 each month; May to November, 1893, inclusive, $142.85 each month.

OFFICERS' COMMUNICATIONS.

The City Clerk laid before the Board the following communication from His Honor, the Mayor, filed in the City Clerk's office December 30, 1892, and the same was read, received and ordered to be entered in the minutes.

MAYOR'S OFFICE, CITY HALL,
JERSEY CITY, Dec. 30, 1892.

The Honorable Board of Aldermen:

I return without approval the resolution of your Board reading, "Resolved, That the sum $158 90 be paid to William D. Connell for repairing and painting roof of City Hall." The bill annexed to the resolution does not satisfy me, the following is the bill:—

| | |
|---|---|
| 179 sheets of tin at 10 cents | $17 90 |
| 7 lbs. of nails at 10 cents | 70 |
| 33 lbs. of solder at 25 cents | 8 25 |
| 7 days time, 3 men at $4.50 | 94 50 |
| Painting roof | 37 55 |
| Total | $158 90 |

I think the amount of time used in putting on 179 sheets of tin is excessive, and the charge for painting the roof is not correctly stated, as the roof as I understand it has only been painted in patches.

Very respectfully,
P. F. WANSER,
Mayor.

Resolved, That the sum of $246.13 be paid to Regan & Higgins for furniture and carpenter work for Second District Court.

The resolutions were adopted by the following vote, the yeas and nays having been ordered and taken on the call of the President.

Yeas—Aldermen Connolly, Day, Farley, Keogh, McCoobery and McEntee.

Nays—Aldermen Dusenberry, Kaiser and Lahey.

The following preamble and resolutions were offered by Alderman Day.

Whereas, A proposition has been presented to the Board of Street and Water Commissioners by the Jersey City Construction Company, in behalf of the East Jersey Water Company, for furnishing water to this city from the surplus supply of the East Jersey Water Company, the terms of which proposition are that the Construction Company will furnish a supply for a term of seven years, beginning June 30, 1893, and ending June 30, 1900, at the price of $50 for each million gallons used by the city, the water to be delivered into the receiving reservoir at Belleville only and not into the city reservoirs, which proposition the said Board has now under consideration; and

Whereas, This city, operating its own pumping works, was able in the year 1891, to deliver into its reservoir and distributing pipes 21,250,000 gallons per day, at a total expense, for maintenance and operation of pumps and reservoirs, including the High Service Works, of $149,465.48 or $19.27 per million gallons; and

Whereas, It is estimated by the said Board that the present average daily consumption of the city is 22,000,000 gallons to deliver which into the reservoirs at Belleville, under the aforesaid proposition, would require an annual payment of $401,500; and

Whereas, The acceptance of the said proposition would increase the cost of delivering water into the reservoirs more than 150 per cent., and would increase the annual cost of water service to the city $246,762.90, at the present rate of consumption, which excess must be contributed by our citizens, either by adding it to the tax levy, or by raising the water rates; and

Whereas, if the consumption of water continues to increase during the next seven years at the same rate at which it has increased during the past ten years, the average daily consumption in the year 1900 will exceed 31,000,000 gallons per day, and the average consumption for the whole term would be 26,500,000 gallons per day, the payments for which, under the proposed contract, would ag-

gregate $3,400,000, or an average of $486,500 per annum; and

Whereas, under the existing contract between the East Jersey Water Company and the city of Newark, the city of Newark is to receive, up to the year 1900, 27,500,000 gallons of water per day, in consideration of the payment of $160,000 per annum in the form of interest upon $4,000,000 of 4 per cent. bonds, the aggregate of said payments being $1,020,000, or less than one-third of the amount demanded from this city for a less quantity of water and,

Whereas, moreover, The aforesaid proposition emanates from a corporation which claims to have exclusive control and actual ownership of the water flowing in the Pequannock River and other rivers of the State, from which the water Supply of the cities in this portion of the state must in the near future be derived; and

Whereas, The claims so made are opposed to public policy and subversive of the rights of the State over said rivers and the waters flowing therein, as the trustee of the public, and for the equal benefit of all the communities equitably entitled by their geopraphical location to participate therein; therefore

Resolved, That we, the Aldermen of Jersey City, hereby enter our solemn protest against the acceptance by the representatives of the city of the aforesaid propositions on the following grounds:

First. That the price demanded for the water is excessive and out of proportion to the present cost of water to the city and to the price for which the same water is furnished to the city of Newark, and that no reason exists for the imposition of this great burden on the taxpayers and water takers of the city.

Second. That it is based upon a fraudulent claim of ownership of the Pequannock River.

Resolved, That it is desirable, in the opinion of this Board, that legislation should be enacted conferring upon the cities of this State, the power to take, by the process of condemnation, the surplus waters capable of delivery from the works owned or operated by private water companies organized for the purpose of absorbing the control of large bodies of potable water, and of entire streams and watersheds, with the view of controlling the water supply of extensive districts, and rendering it impossible for the municipalities therein to secure a satisfactory supply of pure water except by purchase from them.

Resolved, That this Board requests the representatives of this city in the legislature to urge the passage of such law or laws as will enable the cities and towns and villages of this State to procure a joint water supply from the great water shed of the State, through the agency of a State Board of Water Commissioners.

Resolved, That these resolutions be spread in full upon the minutes, and that verified copies be delivered by the City Clerk to His Honor the Mayor, the Board of Finance and the Board of Street and Water Commissioners, and to the members of the Senate and House of Assembly from this city and county.

The preamble and resolutions were adopted by the following vote, the yeas and nays having been ordered and taken on the call of the President pro tempore:

Yeas—Aldermen Connolly, Day, Dusenberry, Farley, Kaiser, Keogh, Lahey, McCoobery and McEntee.

Nays—None.

Whereas, By the provisions of an act approved April 4, 1872, entitled "An Act to cede to the Mayor and Common Council of Jersey City certain lands of the State, now and heretofore under the tide waters of Communipaw Bay, and to establish a tide water basin adjacent thereto," the Corporation of Jersey City was granted a large tract of land fronting on a water way navigable, and by said act made forever navigable for vessels of all measurements, and

Whereas, The Central Railroad Company of New Jersey, disregarding the grant and intent of the law, and under color of a so-called new designation by the Riparian Commissioners of the State took possession of said property, and by divers ways and means converted the said l nd to purposes of their own, and

Whereas, By a recent decision of the Court of Errors and Appeals, the Court of last resort in this State, the ownership of said tract was decided in favor of the city of Jersey City, and notwithstanding all right and justice the said matter has, for the purpose of delay and emolument, been appealed to the Supreme Court of the United States, and

Whereas the said property has been for a long time a source of immense revenue to the Central Railroad Company of New Jersey and the Corporation of Jersey City is wrongfully and illegally defrauded of a large source of revenue that ought in all fairness to be at the command, and for the use of Jersey City, and would afford ample means to improve the property and render it useful to the people, and

Whereas, no definite time can be fixed when this question will be finally adjudicated and the City, by its failure to take proper precautions is losing daily large sums of money, and

Whereas, during the past ten years this property has yielded a large revenue, and at the present time the following amounts are collected by the Central Railroad Company or its agents, to wit:

From canal boats named as follows for storage fees, twelve dollars ($12) each per season.

Resolved, That until the cause now pending is finally determined the Corporation Counsel and Corporation Attorney be directed to apply to the Chancellor of the State or other legal authority for the appointment of a receiver to rent, collect and account to said legal authority for all monies derived or to be derived or hereafter due for the use and occupancy of any portion of the tract of land conveyed to the city under said act of April 4, 1872, or for any part of any street fronting upon said tract of land.

Resolved, That in the opinion of this Board a sale at public auction of such property at this time would secure the best returns, and to that end we direct that by and with the concurrence of the Board of Finance all property to which the city have secured the fee simple by purchases made by the city under the provisions of Chapter 112, Laws of 1886, and its supplements, be sold at public auction to the highest bidder, under the direction of the Committee on Finance of the Board of Aldermen, and the receipts therefrom be used to pay off the bonds now held by the Sinking Fund for moneys loaned the city in making said purchases.
